

## Bard-Parker® Protected Blades and Scalpels

Protect Yourself.  
Protect Your Staff.

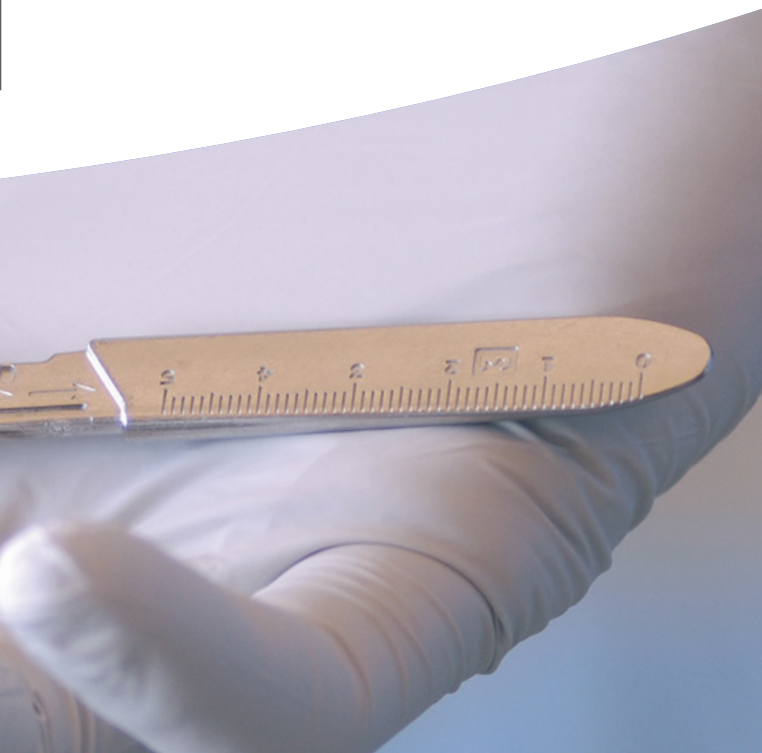

Choose from blade systems with reusable stainless steel handles or fully disposable scalpels.

Designed with a similar weight and feel as conventional products, while using the same stainless steel blade.

Help provide protection from injuries that may occur before use, during steps of a procedure, or after use.

Features a locking retractable shield that boasts easy one-handed activation.

Protected blades are quick and easy to load and unload.

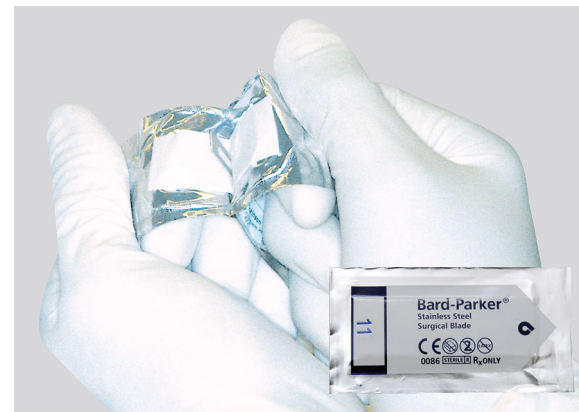

## Bard-Parker® Conventional Blades and Scalpels

In the Operating Room, Emergency Room, Labor & Delivery, and other Healthcare Departments, Quality Matters.

High quality blades including the exclusive Carbon Rib-Back® design allows cutting control.

Blades are packaged in a foil pouch with a unique inner liner for maximum protection of blade and end user.

Choose from blade systems with reusable handles or fully disposable scalpels.
