Examination Light

Super Bright Spot® LED

Superior to halogen units in light quality, heat output, energy usage and upkeep. Super Bright Spot® LED is ideal for General Practice, Obstetrics/Gynecology, ENT, Ophthalmology, Dermatology/Plastic Surgery, Labor & Delivery, Outpatient Surgery, Emergency Room and Veterinary applications. Mounted on a drift-free flex-arm, Super Bright Spot® LED has a dimmable 1-4" spot diameter (at 16") and is available on Mobile Floor Stand, Wall, Pole Mount or Exam Table Mount. The floor OR stand's compact 18" lockable caster base provices exceptional utility and reliability.

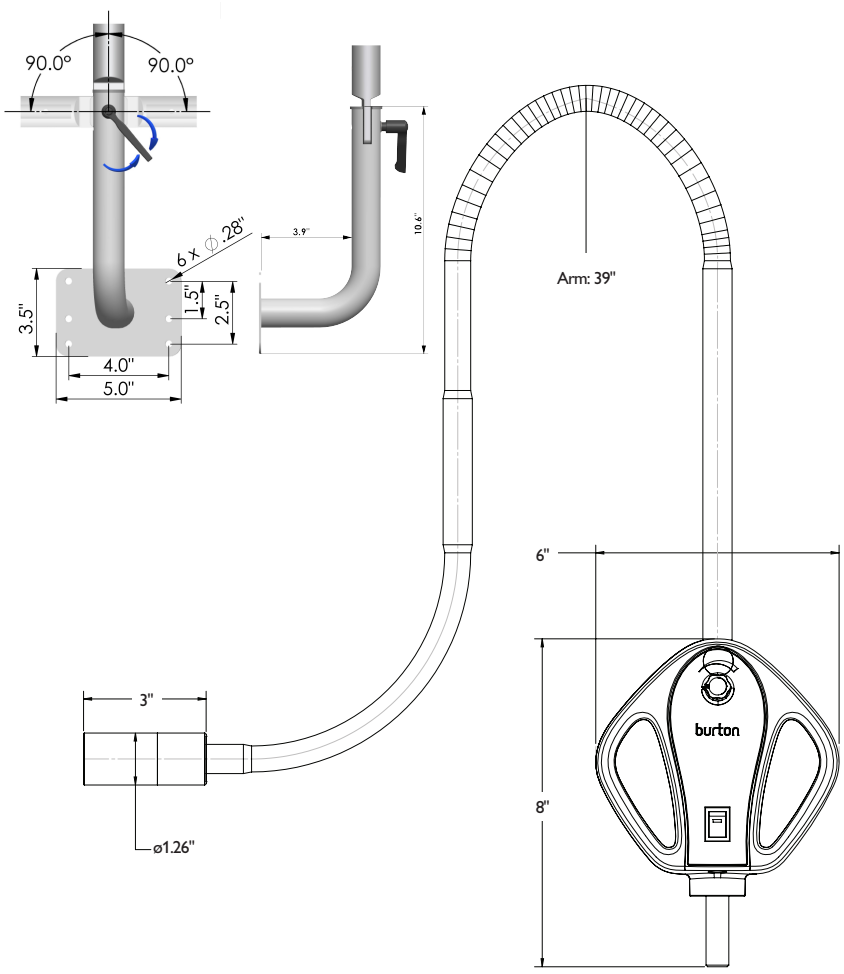

Light Quality

- High CRI (>90) to accurately render skin and tissue tones
- Well-defined, consistent light doesn't cause "hot spots"
- Dimming control from 100% to 5% provides exactly the desired amount of light

Additional Product Benefits

- LED light source consumes less energy, provides long-lasting high-quality illumination that requires less maintenance and produces less heat
- Flex arm provides easy positioning without drifting
- User-friendly spot diameter control at light head
- Ergonomically-designed handles ease placement of light
- Five, low friction, lockable casters on Floor Stand model ease positioning and securing placement
- Low-voltage power sources eliminate cumbersome power cord
- Easy-to-clean smooth housing design aids infection prevention measures
- 5-year limited warranty

Super Bright Spot LED product dimensions
