TWO-WAY EASY-ACCESS RAMPS

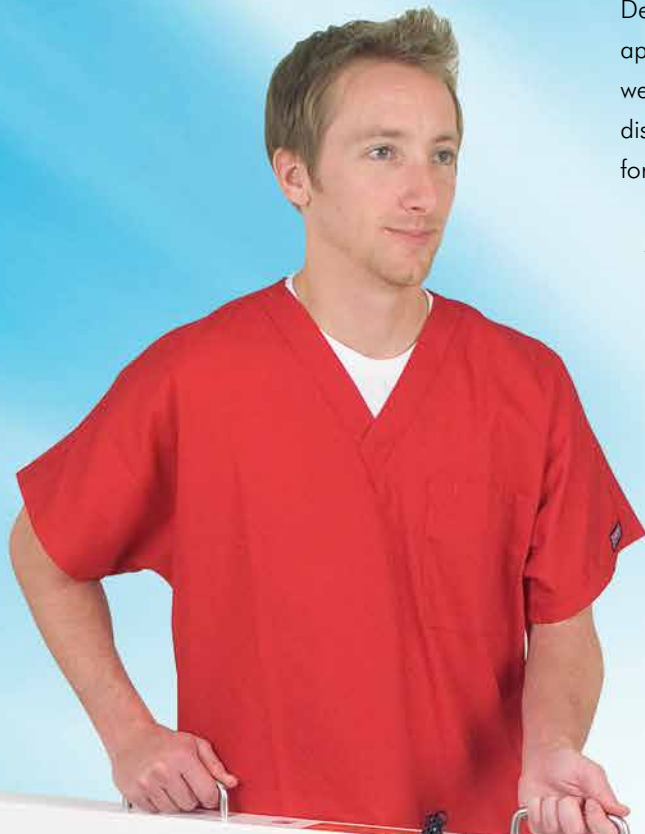

- Robust 1,000 lb / 450 kg capacity
- Low-profile platform for easy patient access
- Integral dual wheels and carrying handles for transport
- EMR/EHR-ready serial, USB, and optional Ethernet connectivity

Detecto
Model 6500
Low-Profile Portable
Wheelchair Scale

With built-in ramps for entering and exiting the scale, Detecto's 6500 portable wheelchair is perfect for clinical weighing applications. For added convenience, you may enter the wheelchair weight via pushbutton or keypad tare, so that only the patient weight is displayed. With a high capacity of 1,000 lb / 450 kg, this scale is ideal for bariatric weighing needs.

Versatile Weighing Options with the 6500:

Wheelchairs • Standing • Straight-legged Chairs • Walkers

- 1** Easy Transport
- 2** Lower into Position
- 3** Ready for Weighing

The 6500's indicator secures firmly to the base for safer movement and storage.

Carrying Handles ease transport and allow the scale to be used in multiple locations.

Integral Wheels combined with a lightweight frame and battery power make the 6500 completely mobile.

Optimum patient weighing "on-the-move"

EFFICIENT MEASUREMENT

The 6500's digital weight indicator is the clinical industry's most advanced, featuring EMR/EHR-ready serial, USB and optional Ethernet interface, BMI calculation, yellow "quick keys" for basic weighing, and a multi-line LCD display. The scale is powered by 6 C batteries (not included) or optional AC adapter.

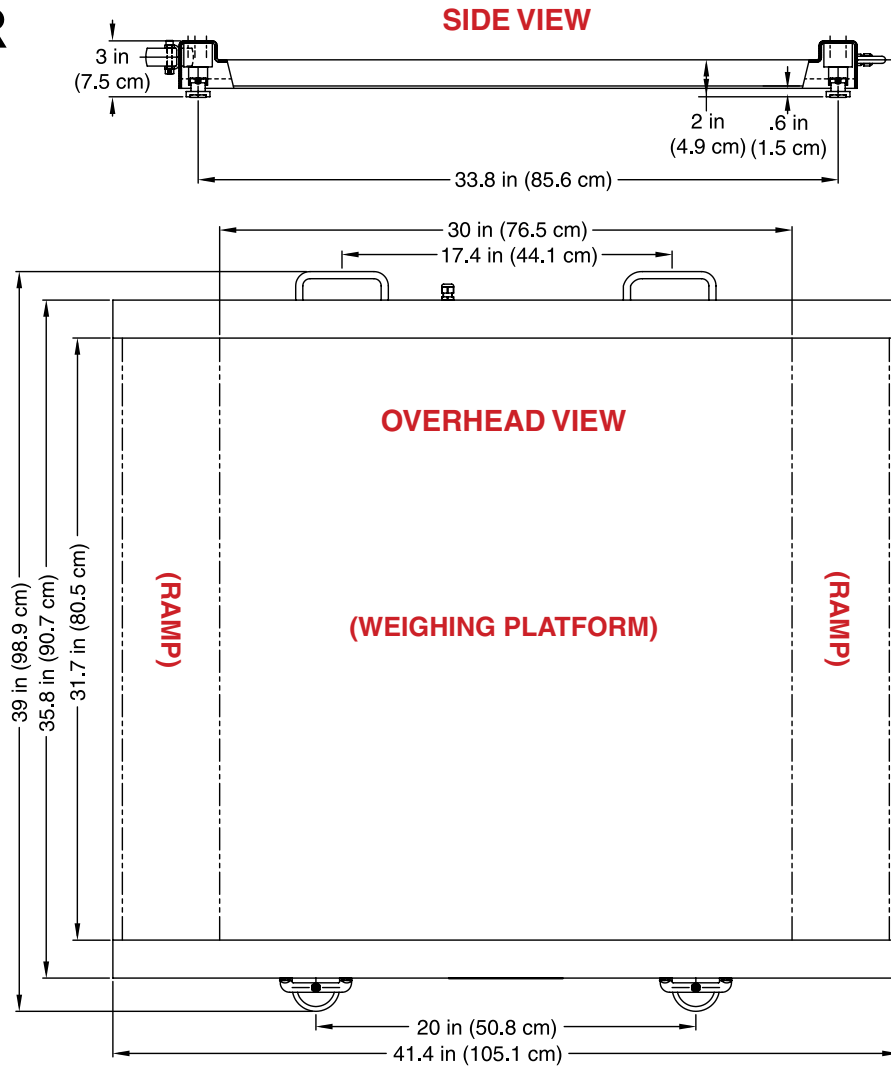

Detecto's 6500 scale features patient ID barcode scanning capability which sends a 9-digit patient ID to the indicator for efficient EMR/EHR recordkeeping.

The weight indicator features 19 keys, 5,000 divisions, battery or AC power, and selectable key lockout.

- Up to 99 tares (optional) to store wheelchair weights
- Hold/Release key to retain weight after leaving the scale
- Non-skid rubber mat for patient assurance and safety
